DETAILED ACTION

Response to Amendment

In regards to the merits of Thiel (US 5,752,303) in the previous Office Action filed 2/24/2005, the Applicants' argue that Thiel does not teach the features of a communicating passage (81) for making a communication between the common ink passage (110) and an ink supply port (51) of the ink supply part (50) and of forming a residual portion of said substrate (122) on said head main body (3) as a joint portion for joint the ink supply part (50) to the head main body (3). This argument has been found to be persuasive by the examiner.

Accordingly, the previous rejection of Thiel has been withdrawn.

REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: the prior does not teach all of the limitations of the claimed invention including:

- a step of removing the substrate (122) partially from the head main body to form, in the substrate, a communicating passage (81) for making a communication between the common ink passage (110) and an ink supply port (51) of the ink supply part (50) and of forming a residual portion of the substrate on the head main body (3) as a joint portion for joint the ink supply part (50) to the head main body (3).

Accordingly, claims 1-3 are allowed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Tai Van Nguyen whose telephone number is 571-272-4567. The examiner can normally be reached on M-F (7:30 A.M - 4:30 P.M).

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Peter Vo can be reached on 571-272-4690. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.
